

REISSER HIGH QUALITY PRODUCT
HIGH LEVEL

REISSER HBS Fully threaded fastener

THE fastener for extra strong connections

REISSER
SCHRAUBENTECHNIK

REISSER HBS Fully threaded fastener

Ease of inserting

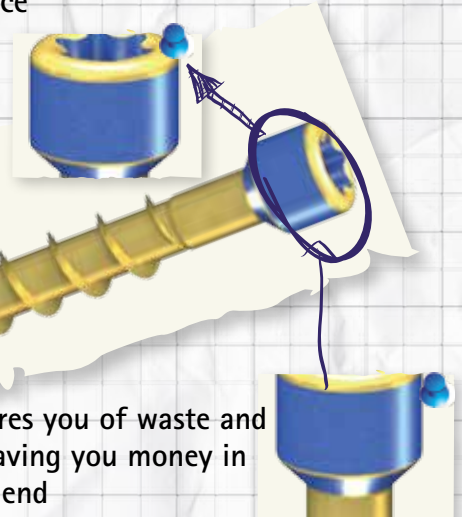

- Anti friction coating reduces resistance when fastening

Secure and tight connection

- Increased load capacity, secure connection

Perfect fit and nice appearance

- Cylinder head reduces splitting and phasing of wood
- Fastener almost invisible when proper countersunk

Saves you of waste and is saving you money in the end

- Tapered stabilizer underneath head makes it a strong fastener

Less discards ensures quality and saves money

- Collar pre-drills and prevents the material from splitting

Convenient and fast

- Immediate grip for fast and convenient work

Quick and easy

- Replaces complex assembly using threaded rods

Guaranteed reliability

- ETA approval guarantees quality

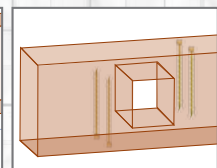

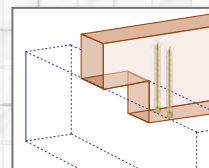

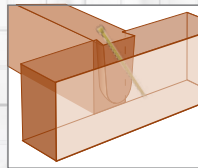

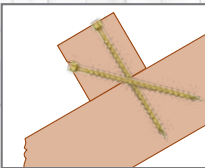

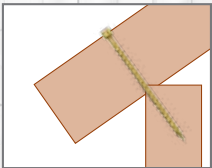

Applications :

Tighter connection of wooden structure and increased load capacity

Functions as a connector for various structures (rafters/purlins)

Dovetail connection

Recess, throughway mounting

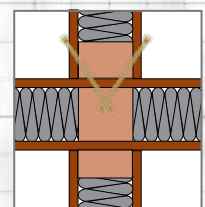

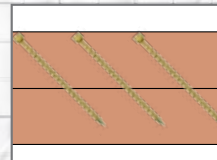

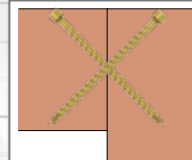

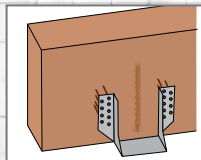

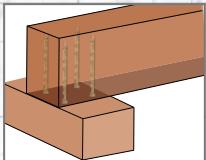

Overlay, cross mounting, t-connections and mounting of metal connecting componets

Crossmember construction

Flush/face mounting of beams

Overlay or cladding of beams

Wooden construction, wendy houses, t-connections
