REISSER R2

Utmost precision with THE universal screw

REISSER
SCHRAUBENTECHNIK

REISSER R2

A secure hold

- Pan head with flat head for better clamping effect, particularly suitable to mount metal fittings

No danger of injuries

- Proper countersunk guarantees smooth surface

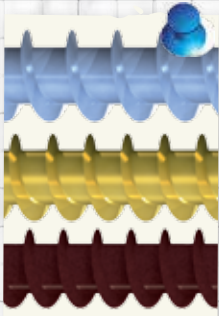

Attractive design

- Raised countersunk head as a design element

Custom colours on request

- Finish in zinc plated yellow and blue, bronzed

Ease of inserting

- Anti friction coating reduces resistance when fastening

R2 plus

- With TX

R2

- With PZ

A neat surface – faster

- Milled ridges underneath head create perfect countersunk in wood
- No pre-countersunk required

Less discards ensures quality and saves money

- Collar pre-drills and prevents the material from splitting

Convenient and fast

- Immediate grip when fastening for fast and convenient work

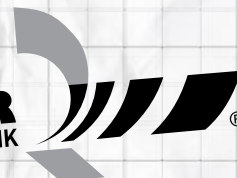

Field of application

- Interior works
- Furniture construction
- Wood structures
- Etc.

Highlights

- Flat countersunk head, raised countersunk head, Pan head
- Torx and Pozidriv drive
- Zinc plated yellow, zinc plated blue free of chrome VI, brown
- Full and partial thread
- Anti friction coating
- Partial thread with milled ridges underneath head and collar
